

## Ouster Achieves ISO 27001 InfoSec Certification

December 20, 2023

*Demonstrates the Company's commitment to information security*

SAN FRANCISCO--(BUSINESS WIRE)-- [Ouster, Inc.](#) (NYSE: OUST) ("Ouster" or the "Company"), a leading provider of high-performance lidar sensors, announced today that the Company achieved certification to [ISO/IEC 27001:2022](#) – the international standard for the management of information security.

The certification demonstrates Ouster's commitment to ensuring the highest standards of data security for its customers and partners. ISO 27001 requires companies to systematically examine their information security risks, design and implement a comprehensive set of security controls and measures, and adopt a management approach to continue to meet a high standard for information security. The independent assessment was performed by ANAB-accredited BARR Advisory, P.A.

Ouster's Information Security Management System covers its lidar system and firmware, the Ouster Software Development Kit (SDK), and the Ouster Studio digital lidar visualizer. Ouster's cybersecurity program manages 123 controls across 28 domains, including asset management, business continuity and disaster recovery, continuous monitoring, cryptographic protections, endpoint security, human resource security, incident response, risk
